ABOUT ME

MSc student in ICT Engineering at the University of Padova. I specialize in applying machine learning and data architecture to complex datasets. I am a hands-on problem solver who enjoys building practical solutions, from designing robust relational databases to training deep learning models for pattern recognition.

PROJECTS

- **MOTOR IMAGERY CLASSIFICATION (EEG)**
  Compared EEGNet and a custom multi-scale Inception CNN for BCI signal decoding, ~69% accuracy
- **ELECTRICITY LOAD FORECASTING (TIME-SERIES ANALYSIS)**
  Benchmarked 1D multi-scale CNN architectures against single-scale baselines and TimesNet for short-term prediction
- **NEURAL CONNECTIVITY ANALYSIS (EEG)**
  Mapped brain connectivity using PLV, PLI and graph theory
- **PUZZLE RECONSTRUCTION (COMPUTER VISION)**
  Rebuilt jigsaw puzzles via SIFT feature matching and homography
- **STADIUM TICKETING DATABASE**
  Designed a full PostgreSQL system with triggers and ER modeling

EDUCATION BACKGROUND

2024 - Present: MASTER'S DEGREE IN ICT FOR INTERNET AND MULTIMEDIA

University of Padova

- Key Coursework:
  - **Networks & Systems**: IoT and Smart Cities, Optimization Methods for ICT, Foundation of Databases
  - **ML & Data**: Neural Networks and Deep Learning, Machine Learning for Human Data, Computer Vision
  - **Healthcare & Security**: Secure Digital Healthcare, E-Health, Bioelectromagnetism

2019 - 2024: BACHELOR'S DEGREE IN INFORMATION ENGINEERING

University of Padova

- Focus: Foundations of Electronics, Telecommunications, Computer Science and Automation
- Thesis: "Model and control of the flight dynamics of a convertiplane"
  - Description: Developed a physical model of lateral flight dynamics and designed control systems to optimize flight performance and stability during transition phases."

SKILLS

- **Programming**: Python, PostgreSQL, Java, C, MATLAB (basic)
- **Machine Learning & Signal Processing:** TensorFlow, PyTorch, scikit-learn, OpenCV, Stochastic Processes
- **Databases**: PostgreSQL, ER modeling
- **Networks & ICT:** IoT Protocols, Communication Protocols, E-Health Systems
- **Tools**: Git, LaTeX

LANGUAGES

- Italian (native)
- English (B2)
- French (B1)
